Experience

The New York Times Senior Product Designer, Multimedia
July 2016—present • New York, NY

Previous Title: Product Designer; I work on a variety of immersive multimedia products, including video, audio, photography, VR, AR, 360° video, and voice. Working directly with other designers, product, developers, newsroom stakeholders, and other teams, I led the design of our slideshows; video, 360° video, and audio players; and audio asset pages.

A Different Engine Senior Interaction Designer
June 2014—July 2016 • Brooklyn, NY

Previous Title: Interaction Designer; Working closely with clients, art directors, and the creative director, I contributed to projects at every stage of the creative process, including strategy, wireframing, ux, visual design, and prototyping. Project platforms included apps for iOS, Android, television (OTT), and responsive websites. Selected clients: Comcast, ABC News, Kaiser Permanente, Cox Cable

University of Notre Dame, Office of Sustainability Designer
August 2013—March 2014 • Notre Dame, IN

Employed design thinking to further awareness of ecological issues and grow participation in green initiatives across campus and in the community. Projects encompassed a range of creative disciplines including advertising, creative direction, branding, and motion graphics.
